Siphelele Muthwa

Front-end developer, JavaScript Developer. UI/UX Designer

Skills

Programming languages

- JavaScript (ES6)
- HTML5
- CSS3
- Sass

Education

2018 - 2021 / South Africa. KZN

University of KwaZulu Natal- Mandela School of Medicine

Started in 2018 where I studied for a bachelors degree in clinical health(MBCHCB). I dropped out in July 2021.

2019 - present / Online.

Udemy, Design and JavaScript course under instructor Jonas Schmedtmann

I came across this instructor while learning HTMl and CSS, He taught me high level HTML, CSS and Sass, Fast-forward 3 months later we bought a JavaScript course from him and it was packed with everything from basics to high level JavaScript(DOM, Arrays, OOP, APIs, High Order functions ect.

Even I never went for a CS degree this course alone have put in a position where I have enough knowledge to be a front-end engineer.

Social Media platforms
